Road Safety

This week commenced our two week focus on “Road Safety”. We have had many discussions and activities exploring this topic, particularly investigating safe habits when crossing the road. The children learnt about using zebra crossings and why we use these, along with the various roadside symbols and what the mean.

Most children were well aware of the need to hold an adults hand when near a road. We looked at a sign that reminded us of the need to hold a grown-ups hand right away. We then discussed who the adults are that we could hold hands with.

The children helped to make their own zebra crossing and then talked about the rules to follow when using a zebra crossing in the street. They children practiced using these rules by crossing the zebra crossing they had made. We now know that we need to wait for the cars to stop before we start walking across the road. We also practised checking left to right to make sure there are no other cars coming.

The children also explored traffic light crossings. We looked at pictures of the red and green men and discussed that these symbols tell us when it is safe to walk. The children then practised using traffic lights safely. The steps they used were:

1. Hold an adult’s hand
2. Wait for the traffic light to turn red and stop the cars
3. Watch for the red man to turn green
4. Check left to right and then safely walk across the road.
