IMPORTANT – If your child has an allergy, asthma or a medical condition, please provide a copy of an up to date action plan to the preschool to ensure the best care for your child.

Transition to School

This week we have had many discussions around transition to school. We designed our own school and played in the classroom in the dramatic play space.

Everyone has had turns this week, presenting some information about the school that they are attending next year. Lots of information was gained from the orientation days that children have been attending and everyone was very keen to share something that they were excited about learning next year.

The school room was a very popular play space with lots of children practising their reading, writing and numbers with a number of aspiring teachers. Miss Peyton really encouraged her students to write numbers and Miss Makayla taught her students to draw people. Mr Nate focused on behavior management in his class room and Mr Codey taught his students about the weather.

To do

• If you have been contacted about your immunisation records or birth certificates please ensure that you bring them to school for copying as soon as possible.
• Next week’s Town Library lessons are the last for the year. Please return all library books to school on or before your scheduled days. If you miss the opportunity, it will be your responsibility to return them to the town library during the holidays.
• When arriving and leaving preschool school, please ensure that both front gates at Bugdlie are closed securely behind you.
• “Sci World” has been cancelled. You will receive a full refund.
• Donations of new toys and money are being collected for Life Line and the Ulysses Toy run. Any donations will be appreciated by those in need this Christmas and can be handed in to the Alma Public School administration office.
